

Kevin,

On behalf of our library customers, I'd like to thank you for your storytime performance! You kept over two hundred children and caregivers captive with your adorable Wabby character and fun, folksy music. We loved singing along with you as you played the dulcimer. I meant to thank you sooner, but I just got back from maternity leave and made it a priority to write this my first day back. We played your CD *Lullabies for Little Dreamers* often which was perfect for my baby's mellow moods as well as his playful moments!
